Joe,

About to sign off – I did not have a presentation. I just spoke about dicamba, chlorpyrifos, ESA, and glyphosate.

I noticed that in the Administrator's Weekly Report that you made a presentation last week:

"American Bar Association Meeting - On May 21, DAA Erik Baptist gave the keynote address at the American Bar Association's Section on Environment, Energy and Resources/CropLife America meeting on "New Developments in Pesticide Law & Policy."

Could you share your presentation materials with me or point me to someone on OCSP staff that may have them? Thanks.

Best wishes and good luck!

Joe
